

2015 National League Championships

Scrutineering and Team Uniformity

18 March 2015

Team Uniformity A-grade:

- Team uniformity shall be expected as outlined in the NZ National League guidelines for all boats and equipment prior to your first game.
- All selected players attending the 2015 Oceania Championships are exempt this ruling for the first round. Players are however encouraged to do what they can to match teammates.
- NZ Ferns stickers are to be covered up as part of the team uniformity, unless the entire team has them and are entitled to display these.
- Unique player name and/or numbers are allowed within the team boat uniformity.
- Standard branding on the kayak is permitted.
- Demo boats are not permitted unless they match the entire team.

Scrutineering:

- Teams will have boats and equipment scrutineered during the event at appointed times.
- Primary focus is on safety related issues: Bumpers/ sharp objects/ facemasks/ foam in PFDs
- We are more than happy for additional tape to be added to boats to adhere bumpers etc. as long as it performs as intended.
