If a teams nominated referee cannot attend a tournament then the team must organize a replacement referee who is suitably qualified to attend in place of their nominated referee, notice of referee replacement must be given to the competitions director via email prior to the start of the competition round in question. If a team does not supply a suitably qualified referee for any tournament then they will be deemed to have missed their duties and fines will be imposed.

- All games shall be played on a court that meets the requirements of the NZ Canoe Polo Rules and have timing and scoring systems clearly visible to players and the public viewing areas.

Rule amendments for NZ National League

Our official NZCPA Canoe polo rules are the ICF rules (currently 2015), however for the purposes of National League please note the amendments (in red) below:

The purpose of this rule amendment is to allow our games to start on time without

- a. Causing undue delay to our draw
- b. Penalising the team that arrives on time and ready to start when their opposition does not (whether due to negligence, travel delays, injury etc).

If a team is able to field a full team, then this should still happen. This rule amendment is not to discourage the current 5 v 5 line-up and exciting spectacle start to the game. If teams are just being slow to line up though they have five prepared players on the water a start infringement still applies.

Applicable ICF Rules (with amendments in red)

45.1 Each team may consist of a maximum of eight (8) players for any one game. No more than five (5) players are permitted on the playing area at any one time. Any other players at that moment are to be considered as substitutes. A team ~~must~~ **should** begin each game with five (5) players, ready to start on their own goal line. **If a team is reduced to two (2) players at any time the referee shall end the game** and refer the matter to the competition committee who shall decide the appropriate action to be taken.

56.1 At the beginning of each period of play, five (5) players from each team line up ready to start, stationary and with some part of their kayaks on their own goal line. If the team deliberately causes an unnecessary delay a start infringement will be called. Signal 1, 15 and 17 (team warning) apply.

If one team is ready to start, the referee may start the game as soon as a minimum of three opposition players are lined up.

56.2 If a team has insufficient players to start the game ~~5~~ **2** minutes after the programmed start time the game will be declared a forfeit and referred to the competition committee. Signal 2 applies.

Ranking Tournaments

- The Competitions Council shall determine the tournament draws. The draw should be available two (2) weeks prior to each tournament.
- Teams will be put into pools ranking from highest to lowest based on previous year's results for the first tournament. New teams to the grade will be ranked at the competition council's discretion for the first tournament. Play-offs shall then take place to ensure all teams finish with a ranking; this will include a playoff between teams in adjacent pools.
- Subsequent tournaments will have pool groupings which will be based on previous National league round results. The number of pools and number of teams in each pool will be decided by the Competitions Council to suit the draw.
- Draw formats for all 3 tournaments will be circulated after entries have closed.

Grand Finals

- At the end of the three tournaments the ranking from each tournament will be compiled to determine a final ranking. Final championship results shall be determined with play-off games: 1st vs.2nd, 3rd vs. 4th and so forth.
- Gold, silver and bronze medals will be awarded.

Three points are awarded for a win, one point for a draw, and zero points for a loss or if a team misses a game.

Where two or more teams have gained the same number of points, they shall be ranked in order according to the following procedures: (a) Goal difference; (b) Total number of goals scored; (c) Results of game between the two teams within that group; (d) Play Off, if possible.

NOTE: Where the goal difference rule is applied results from play-off games will not be included.

Elimination games and games to determine final ranking places shall comprise of:
